CAREER OBJECTIVE

To work in a dynamic, innovative, and challenging environment that fosters personal and professional growth. I aim to leverage my problem-solving skills, analytical thinking, and enthusiasm for technology to contribute effectively to the company's success while continuously learning and evolving within the software engineering domain.

Skills

- **IT Systems Management:** Proficient in operating systems (Windows,) and office productivity tools (Microsoft Office Suite, Google Workspace)
- **Data Analysis and Reporting**: Proficient in tools such as Microsoft Excel (advanced), Power BI, SQL, and Python for generating detailed reports and actionable insights**.**.
- **Documentation and Reporting:** Skilled in maintaining IT system records, drafting user guides, and preparing technical reports.
- **Database Management:** Skilled in MySQL, and MS Access for data entry, retrieval, and reporting.
- **Asset and Vendor Management:** Competent in IT asset tracking, procurement processes, and vendor coordination.
- **Help Desk Support:** Strong troubleshooting abilities for hardware and software issues; adept at providing user support and resolving IT queries efficiently.
- **Web Development:** Skilled in designing and maintaining websites using WordPress, including themes, plugins, and customizations
- **ERP Systems:** Proficient in implementing, customizing, and managing Odoo ERP for various business processes such as inventory, finance, and CRM.
- **Analytical Thinking:** Ability to identify technical issues, analysis root causes, and implement practical solutions effectively
